2022/23 COMMUNITY IMPACT REPORT

Your generosity is changing the lives of those who need it most.

Thank you for helping thousands of our neighbors in need.

Your generous gift made it possible for 62 deserving nonprofits to receive \$1.565 million in assistance.

Dear Friend,

We want to take this opportunity to say how grateful we are and to share the impact of your generous gift to The Denver Post Season To Share campaign.

Thanks to caring donors like you, the nonprofit organizations listed in this report can continue to help the growing number of our neighbors who are in desperate need of their programs and services. These dedicated agencies are working hard to house families and individuals in need of a permanent home; nourish those who experience hunger; prepare children and youth for success in the classroom and in life; and protect children and families in need with medical care.

Your donation, along with the support of MDC/Richmond American Homes Foundation and the generous Denver Children’s Foundation’s matching grant, made it possible for 62 metro Denver nonprofit organizations to receive \$1,565,000 in grants.

On behalf of all Season To Share grant recipients and those they serve, thank you again for your generosity. Together we are making a difference!

Sincerely,
